

limisan^{PRO}

medical adhesive remover

Product Description

LIMISAN Pro is a medical adhesive remover. LIMISAN is designed to facilitate easy, pain-free and effective removal of medical adhesives. The product is used to ease the removal of plasters, bandages, dressings, tape, stoma appliances, male external catheters, and continuous glucose monitor sensors.

LIMISAN comes in a spray which ensures easy application and it will work within seconds. LIMISAN is proven to be very safe and does not sting or irritate. LIMISAN will dry very quickly and will therefore not influence the adhesion of the next adhesive.

LIMISAN Pro contains 50ml, sufficient to remove several adhesive products. LIMISAN is suitable for adults and children and is very effective and safe. LIMISAN works on all types of adhesives, including acrylic-based, rubber-based and hydrocolloid adhesives.
